

**Master of Science in Great Lakes Ecosystems Science
Master of Arts in Great Lakes Ecosystems Science**

**SUNY Buffalo State
Beijing Normal University**

3+2 Program

This document describes the requirements for admission for students at Beijing Normal University (BNU) to the SUNY Buffalo State – BNU 3+2 program for the Master of Science (M.S.) or Master of Arts (M.A.) program in Great Lakes Ecosystems Science (GLES). The requirements described here are specific to the M.S. and M.A. – GLES program, and are in addition to general requirements for the 3+2 program.

For admission to the Buffalo State – BNU 3+2 M.S. or M.A. – GLES program, students must have completed or demonstrated the following:

1. Introductory courses in
 - Chemistry
 - Biology
 - Geography
 - Geology
 - Mathematics
 - Calculus based Statistics

2. Additional coursework leading to a Bachelor's degree in a scientific discipline, such as chemistry, biology, geography, geology, earth science, environmental science, or in mathematics

The requirements for admission listed here are for BNU students in the 3+2 program only.
