

## **Master of Arts in Chemistry**

### **SUNY Buffalo State Capital Normal University**

#### **3+2 Program**

This document describes the requirements for admission for students at Capital Normal University (CNU) to the SUNY Buffalo State – CNU 3+2 program for the Master of Arts (M.A.) program in Chemistry. The requirements described here are specific to the M.A. Chemistry program, and are in addition to general requirements for the 3+2 program.

For admission to the Buffalo State – CNU 3+2 M.A. Chemistry program, students must have completed the third year of their Bachelor's degree program in Chemistry at Capital Normal University.

The requirements for admission listed here are for CNU students in the 3+2 program only.
