

## **Master of Arts in Biology**

### **SUNY Buffalo State Capital Normal University**

#### **3+2 Program**

This document describes the requirements for admission for students at Capital Normal University (CNU) to the SUNY Buffalo State – CNU 3+2 program for the Master of Arts (M.A.) program in Biology. The requirements described here are specific to the M.A. Biology program, and are in addition to general requirements for the 3+2 program.

For admission to the Buffalo State – CNU 3+2 M.A. Biology program, students must have completed or demonstrated the following:

1. At least 48 credit hours of science and mathematics courses, including a minimum of 18 credit hours in biology.
2. Additional coursework leading to a Bachelor's degree in a scientific discipline, such as chemistry, biology, geography, geology, earth science, environmental science, or in mathematics

The requirements for admission listed here are for CNU students in the 3+2 program only.
