

Master of Arts in Chemistry

SUNY Buffalo State Jiangnan University

3+2 Program

This document describes the requirements for admission for students at Jiangnan University (JU) to the SUNY Buffalo State – JU 3+2 program for the Master of Arts (M.A.) program in Chemistry. The requirements described here are specific to the M.A. Chemistry program, and are in addition to general requirements for the 3+2 program.

For admission to the Buffalo State – JU 3+2 M.A. Chemistry program, students must have completed the third year of their Bachelor's degree program in Chemistry at Jiangnan University.

The requirements for admission listed here are for JU students in the 3+2 program only.
