

Master of Arts in Chemistry

SUNY Buffalo State Zhengzhou University of Light Industry

3+2 Program

This document describes the requirements for admission for students at Zhengzhou University of Light Industry (ZZULI) to the SUNY Buffalo State – ZZULI 3+2 program for the Master of Arts (M.A.) program in Chemistry. The requirements described here are specific to the M.A. – CHE program, and are in addition to general requirements for the 3+2 program.

For admission to the Buffalo State – ZZULI 3+2 M.A. – Chemistry program, students must have completed or demonstrated the following:

Students admitted to the SUNY Buffalo State - Zhengzhou University of Light Industry 3+2 program must be in the third year of the ZZULI Chemistry Bachelor's degree program. For full admission to the Buffalo State M.A. Chemistry program, to take place after the first year in residence at Buffalo State, students must have completed their ZZULI Bachelor's degree in Chemistry.

The requirements for admission listed here are for ZZULI students in the 3+2 program only.
